

CHRISTMAS CARTONS

MAILING TIME EXTENDED TO NOVEMBER 30TH, AND LABELS CAN BE HAD FROM RED CROSS

At the headquarters of the Christmas Package Committee just North of the Post Office on Brand Boulevard, quite a long list of transactions have been tabulated. Up to Friday noon eighty-five Christmas Cartons had been given out and fifty-nine had been brought back filled, had been inspected and placed in the post office to be carried across the seas by Uncle Sam.

It will be welcome news to many friends of soldiers when they learn that on account of the relief in freight congestion which has been brought about by the armistice, the time for sending these Christmas cartons has been extended to November 30th. Also, the Red Cross has been provided with extra Christmas labels which it is privileged to give out to friends of soldiers who have failed to receive them in time from the boys at the front.

Christmas will be a very different holiday this year from the one celebrated last year, and while it should not be a riot of extravagance as it sometimes has been in pre-war times, it should be a day of cheer which we should share to the utmost with our brave lads overseas, for whom we cannot do too much. Therefore, relatives who lack the labels for which they are looking should consult Mrs. Bartlett at the Red Cross Headquarters and secure their cartons in time to fill and mail them before the 30th of November. The sooner they reach the post office, the more likely are they to reach the boys by Christmas.

MOURNING BRASSARDS

The local Red Cross Chapter is in receipt of a sample of the mourning brassards which the Red Cross War Council has undertaken to prepare for distribution to the bereaved families of men who gave their lives in the war as a substitute for mourning.

It is the understanding that Red Cross chapters are to provide the brassards without charge to the widow or parents of a soldier or sailor. To other members of a family they will be furnished at cost.

The brassard consists of a band of black broadcloth three inches wide to be worn on the left sleeve midway between the elbow and the shoulder, with a gold star placed about midway of the length of the band. The individual stars can also be furnished and could be attached to any fabric according to the texture of the garment worn.

Persons who are interested in these emblems of mourning can have an opportunity to inspect them by calling at the office of the Red Cross over the Bank of Glendale, on Brand Boulevard.

A WIDE AWAKE CITIZEN

One of the most enthusiastic voters at the recent national election was Mrs. Esther M. Smith, mother of George S. Smith of this city. She celebrated her ninetieth birthday last March but takes just as keen interest in the world's affairs as she did at forty. She reads the papers systematically and keeps abreast of the news of the day and has followed closely all the events of the war. She has also contributed in a practical way to war activities and has pieced two handsome quilts since last July. At present she is working on carpet rags for the conservation department of the Red Cross.

GLENDALE MUST NOT FAIL

Committee Chairman and workers in the United War Work Campaign report that Glendale is in danger of failing to make up the comparatively small quota allotted to her and of being put to shame in consequence. The result of yesterday's canvass for subscription was very poor. A strong effort will be made to arouse our citizens to do their duty during the few days that remain and the headquarters on Brand Boulevard at 134 will be open Sunday to receive donations for this most important army work. This will give every one in our city who has not done his or her bit an opportunity to make good.

Also, a thorough canvass is to be made of the business district for an honor roll of business houses. Some of these have already generously contributed. The effort will be to make those who have not done so realize their responsibility to keep Glendale from being listed among the delinquent towns. She has never failed before and she must not fail now.

WEATHER FORECAST—Fair tonight and Sunday with severe frosts in the interior.

DEATH VALLEY

LAWRENCE DUTTON DESCRIBES ITS PERILS. ALSO LISTS HIS WANTS FOR CHRISTMAS

The following letter of Lawrence Dutton of Company C, 316th Engineer Corps now in France, gives a further account of his experiences in the war zone.

France, October 14th, 1918.
Dear Mother:

At last I am fixed so I can write you a good letter. We have been on a three-day march getting to this town, but we have billets here again and it sure seems good after sleeping out so long. We are now way back out of shell fire. We cannot even hear the big guns any more. I guess we are at least forty or fifty miles from the front now. We had fair weather for our three day's march but got here just in time for it rained a little last night.

I do not know just how long we will be here but expect it will be from one to three weeks. Gee! From the walking we have done I don't think there will be much of Northern France that we haven't seen, for we hardly stayed in one place more than two days.

We went through one valley that they called "Death Valley" and it sure lived up to its name. The only main road to the front, which was two or three miles from this point ran right through that valley so there were always lots of men, horses and everything in it. It was almost constantly under shell fire as the Germans knew there were lots of men there and so wanted to put the road out of commission. When there was nothing else doing the snipers would shoot the artillery horses. We were in this valley for about three and a half days. We had to be very careful and keep the men scattered and not bunched up, particularly at meal times. Only one squad would eat at a time. One night, just at supper time, eight German aeroplanes came over the crest of the hill. One of them dropped a bomb right on one of the Company's kitchens while the others opened up with machine gun fire. They surely made things hot for a while. It was heroic the way the boys worked right in the fire. Some stuck to the machine guns and tried to fight off the planes finally downing two, but the planes flew around and shot things up for about half an hour and then went away. It was in this air raid that we lost our captain.

We have the swellest captain now that ever came down the line. He is a prince and we hope we will be able to keep him for there is not a man in the company who would not do anything for him.

I am well and taking a little rest today after our long march. I got the Christmas coupon the other day and sent it right away, so you will get it in plenty of time. I want you to send me a half a dozen or a dozen, if you have room, of those little cakes with plenty of raisins and spices in them. If you have it you can send me another "beanie" and not a helmet, and fill the rest of the box up with chocolate and some kind of chevs—no gum. That will be an ideal Christmas box for me. We are allowed only one of these boxes so I would rather have the cake and candy for I am pretty well fixed up for socks and will try to send for them some time again. I do not think I will be able to send a single thing myself.

Well, I will close for this time with love to all.

LAWRENCE DUTTON.

MEMORIAL BUILDING

Some time ago Dr. Henry R. Harrower suggested that the end of the war would see Glendale making preparations to erect a memorial of victory and of the Glendale men who gave their lives for the cause, and he urged that it should not be a useless monument but a building which could be placed, appropriate memorial tablets. Now that Santa Monica has announced an intention to carry out such a plan by erecting a cobblesone building for which materials and work would be voluntarily contributed by citizens, Dr. Harrower is renewing his suggestion as an enterprise which would be creditable to our city and very much worth while. It is his idea that the building should include an auditorium and quarters for the Chamber of Commerce and for lodges and clubs which might wish to use it and be ready to help in the campaign to provide it.

The idea is a good one and now is an excellent time for individual citizens and for organizations that need a home to begin thinking about it.

FOOD SITUATION IN GERMANY

FOOD ADMINISTRATOR HOOVER REVIEWS CONDITIONS AND SAYS HE IS NOT CONCERNED ABOUT HUNS

(Special Service to Glendale Evening News)

New York, Nov. 16.—Food Administrator Hoover, in an interview today, declared that the United States was not to deprive itself of a mouthful of food in order to feed Germany.

"We are not worrying about Germany," Hoover said. "She can take care of herself. What we are worrying about is the 'little Allies' who have been under the German yoke. They are faced by famine."

Hoover declared that Germany does not face famine and as soon as the blockade is relaxed Germany can get all the food necessary.

"Our only interest in Germany," Hoover continued, "is to get together on a stable basis so she can pay the money she owes France and Belgium."

Hoover said he was going to Europe "to discuss further food measures which must be organized as a result of the cessation of hostilities. The food problem in Europe is one of extreme complexity."

Hoover explained that of 420,000,000 people in Europe only 40,000,000 have sufficient food to last them until the next harvest without imports.

He said if the United States economizes we will have between eighteen and twenty million tons of food as a surplus, and that the situation "can be handled."

GENERAL MARCH TELLS OF DEMOBILIZATION

ORDERS APPROVED COVERING THE DISCHARGE OF 200,000 MEN FROM ARMY WITHIN TWO WEEKS

(Special Service to Glendale Evening News)

Washington, Nov. 16.—Chief of Staff General Marsh today announced that demobilization orders had been approved covering the discharge of two hundred thousand men from the army within the next two weeks. All of these will be men still in the United States.

As the machinery develops the War Department will be able to discharge thirty thousand men daily. "No more troops will be sent overseas," General March announced.

Before the main army returns from France, the convalescent, the sick and wounded will be returned as rapidly as transports are available.

Demobilization orders for units in the United States already issued cover the following organizations, in the order given:

Development battalions, conscientious objectors not under sentence, spruce production division, central officers' training camp, United States Guards, railroad troops, depot brigades, men in replacement camps. All the men will be offered an opportunity to re-enlist when discharged.

To provide for the adjustment of the clothing situation, all the men will be permitted to wear their uniforms for three months after duty ceases. The War Department will ask Congress to give each man a bonus of one month's pay on being discharged from the army.

GERMANY SEEKS AN INVITE

WANTS PERMISSION TO SEND A DELEGATION TO UNITED STATES TO PLEAD FOR FOOD

(Special Service to Glendale Evening News)

London, Nov. 16.—A wireless message from Berlin today said that Germany wants to send a delegation to the United States to plead for food. Another wireless was had from German Foreign Minister Solf to Secretary Lansing, asking President Wilson's permission to send a commission to the United States immediately to present the food situation and also to urge the necessity of an immediate peace conference at The Hague.

RELEASED PRISONERS POUR ACROSS LINE

REJOIN AMERICAN UNITS IN FAMISHED CONDITION AND MOTLEY ASSORTMENT OF CLOTHING.

(Special Service to Glendale Evening News)

With the American Army in France; Nov. 16—Hundreds of Americans released by the Germans under the terms of the armistice after having been prisoners, are pouring across the line and re-joining the American forces. Many walked twenty-four hours with little food. These include Texas, Ohio, Illinois, Michigan, Wisconsin, California and Washington troops. They wore a motley assortment of clothing and some had on German uniforms.

BELGIANS OCCUPY BRUSSELS

(Special Service to Glendale Evening News)

Paris, Nov. 16—Belgian outposts entered Brussels early this morning. The Germans had held the city since August 20th, 1914, when the Belgians retired to Antwerp without fighting.

PEACE CONFERENCE TO BEGIN LAST OF NOVEMBER

(Special Service to Glendale Evening News)

Washington, Nov. 16.—French cables today said that the preliminary sessions of the peace conference would begin either at Versailles or Paris the last of the month.

VISITS RANCH

MRS. RICHARDSON A VOLUNTEER NURSE WHILE GUEST OF DAUGHTER

Mrs. Ella W. Richardson who has been for more than a week past with her daughter and son-in-law, Mr. and Mrs. Shives Mitchell at King City, Cal., writes to friends here that she is having great fun as this is her first visit in the capacity of a mother-in-law and Mr. Mitchell appears to be bearing up well under the ordeal.

Paul and John are enjoying the ranch life, the threshing, the harvesting of the beets, the branding of horses, etc. Labor is scarce in that section and the better class of workers are hard to secure.

Mrs. Richardson says, "On arriving here we located my daughter at the high school which has been transformed into an influenza hospital. She was installed there as a nurse as she was not afraid. I am here tonight as nurse. I persuaded everyone to leave me alone and go home. Everything is peaceful and still and the doctor seems happy and the patients in every room are asleep, even those in ice packs. Fear surely has its torments. I am so grateful that I know that 'Perfect love casteth out fear,' and in a degree we know how to reflect that love which protects, directs and saves from fear and disease. It seems the Scientists have come to the aid of the physicians as they are not afraid of the flu belief and can nurse."

GARDENING RETURNS

George S. Smith of Broadway, gardener for the Glendale Sanitarium, has been utilizing vacant lots on Jackson street cornering on Broadway for food production, chiefly squashes. He has tried to keep some tab on cost of production and returns, and his figures are interesting. His report on the lot planted at the Southeast corner of Broadway and Jackson shows that he gathered about 300 pounds of winter squashes which are worth at retail prices 2 cents to 2 and a half cents per pound; also about 300 pounds of tomatoes worth about \$15. The receipts and expenditures are set forth something like this:

Returns from squashes—	\$6.75
Returns from tomatoes—	\$15.00
	\$21.75
Cost of irrigation water—	\$2.50
Labor and seed—	\$5.00
	\$7.50
Balance—	\$6.25

DR. STEELMAN PLAYS KNIGHT-ERRANT

Dr. C. Stuart Steelman of this city is always ready for an adventure and always ready to play knight-errant in any case of distress, particularly if the appeal comes from a feminine quarter. His latest opportunity came a few days ago when he came to the assistance of a new resident. The reports show that Glendale is filling rapidly and that the general public of Southern California which is looking for a desirable residence town in which to locate is getting "quite a crush" on our city.

Among these converts to our civic attractions are a Mr. and Mrs. who visited Glendale a few days ago and leased a house on — street. They made preparations the following day and when ready to start for the town discovered that their automobile was out of commission and would need repairs before it could proceed. Accordingly it was decided that Mrs. Blank should come out by trolley, bringing the bird cage and a few belongings which required special care in transmission, her husband to follow later in the evening. But—on arrival at her destination the discovery was made that the agent, whom it was then too late to reach, had given her the wrong number, and she had no sort of an idea how to find her house. It was impossible to communicate with her husband, because by that time he was en route and on reaching here would be in as great a dilemma as she. In the emergency she visited the Glendale Book Store, and there met Dr. Steelman, who came to the rescue with the proposition that he drive around with her in his car and see if she could discover the house she had rented. Accordingly they toured the city until she joyfully exclaimed: "There he is!" and hailed a passing auto in which it developed her husband was a passenger. He had just been to the police station to see if through that medium he could get trace of his wife. The doctor airily waived aside all thanks for his services by assuring the husband he had only been taking a little joy ride with his wife; but no domestic complications resulted and the newcomers are now happily located in their Glendale home.

HURRY UP DISCHARGES

APPLICATIONS CAN BE FILED FOR DISCHARGE OF SOLDIERS BEFORE DEMOBILIZATION

To meet the demand for men to harvest crops and assist on the farms and in other necessary work, Chairman Lanterman of the local Exemption Board announces that the Board will receive applications from all persons wishing to file them for the discharge of soldiers in camps. The Board does not know whether these applications will be effective but it has applied to the Department at Washington for authority to use the short form application. In the meantime it will receive and hold all applications made and have them ready for forwarding as soon as orders are received. Any one, therefore, who wishes to have a soldier relieved before the regular demobilization takes place, should file an application.

PHYSICAL EXAMINATIONS

Eighteen year old registrants must appear before the doctors Saturday.

On the heels of the announcements made by Chairman Lanterman of the Local Exemption Board that eighteen year old registrants must complete and file their Questionnaires, he makes a further announcement that a physical examination of all such registrants will be made at the headquarters of the Board in the City Hall on Saturday, November 23rd, at which time not only the eighteen year olds must appear but also men between the ages of nineteen and thirty-seven who have not been examined heretofore. This is an order from headquarters.

Questionnaires were mailed yesterday to all men of the 18 year class who bear Order Numbers between 3114 and 3442. These questionnaires must be completed and filed with the Exemption Board within seven days or the men will be listed as delinquents and reported to the Adjutant General from whose authority there is no appeal.

ON DUTY AT BASE HOSPITAL

Homer Morgan, son of Mr. and Mrs. F. S. Morgan of 124 East Acaia avenue is still serving his country at the Base Hospital on North Broadway, Los Angeles. He enlisted in the Dental School of the Student Army Corps and was taking military training with other students until the influenza epidemic struck Los Angeles. When it became serious he and several others were assigned to work in the Base Hospital. Quite a number of the students have been patients there and he probably will remain until the regular school work is resumed. His many friends among Glendale young people will be interested in his present employment.

MOTOR FROM COLORADO

J. J. Hickman and his friend, Joseph L. Bryant, recently arrived at Palm Villa, the home of Mr. Hickman's sisters, Mrs. Imler and Miss Hickman, and his father, J. H. Hickman, after a delightful overland trip from Colorado Springs. They made the journey leisurely and as their fancy dictated and enjoyed the wonderful scenery to their hearts' content. At one time they were 110 miles from a railroad and at one point in the mountains encountered a snowstorm. Their speedometer registered 1,431 miles. Mr. Hickman will make his home here.

BIRTHDAY CELEBRATION

Mrs. James Neill of 126 West Lomita avenue is entertaining today with a birthday dinner in honor of her brother, Edward Neill. Covers will be laid for Mr. and Mrs. Harry Duffield, Daniel Bowles, Mrs. L. M. Loomis, whose husband, Captain Loomis, is overseas with a medical corps; Mr. and Mrs. James Neill and Edwin Neill. A handsome birthday cake will, of course, be a feature of the occasion.

CITY SCHOOLS NOT TO OPEN

Health Officer Chase addresses the City Principals and Teachers at 4 p. m. today at the Intermediate School Auditorium upon the influenza situation. The opening of the city schools has been left to the City Board of Education who, voicing the sentiment of many of the patrons, believe in keeping the schools closed at least a week longer. This action will permit a closer study of the effect the opening of the churches has in increasing the number of cases. The opening of the schools will follow at a later date dependent upon the action of the Board of Education.

JAMES H. SHULTS,
Superintendent of Schools.

THE EVENING NEWS IS NOT SENT TO PERSONS WHOSE
SUBSCRIPTIONS ARE NOT PAID IN ADVANCE

BUILDERS' PAGE IS IMPROVING

Yes, sir—we knew it. That weekly Home Page is proving mighty good advertising for Glendale. Mr. Tanner, manager of the Fox Woodsum Lumber Co., has just received a letter from Grand Rapids, Mich., requesting plans for the home illustrated in a recent issue.

The inquiry was answered by the Lumbermen's Service Association and the plans were sent; now the only suggestion we can offer to the gentleman in Michigan is that to gain the maximum enjoyment from that new home he build it in Glendale, surround it with a garden such as only Southern California can offer, having for its background our scenic ranges, and to know how the sunshine of the Southland multiplies the joys of home. But it is useless to attempt to describe it, friend. Just bring the plan along and build it in Glendale, "the city of homes."

NAVAL ARMISTICE TERMS

BERLIN DECLARES THEY CANNOT BE CARRIED OUT BECAUSE GOVERNMENT LACKS CONTROL OF FLEET.

(Special Service to Glendale Evening News)

Copenhagen, Nov. 14—The Berlin Tages Zeitung declares it is impossible to fulfill the naval terms of the armistice because the government no longer controls the fleet. It says the submarine crews have refused to go to England fearing violence.

A MERITED REBUKE

A well-known East Side woman offered to entertain ten blue jackets from Great Lakes. She so notified the proper authorities, stipulating that there be no Catholics and no Jews in the party. Then she invited ten debutantes and prepared an elaborate dinner. Promptly the ten Jackies arrived. There was not a Catholic or a Jew in the lot—they were all negroes. It is said the hostess quickly saw the intended rebuke, but that she gamely went through with the affair. The ten Jackies had a feast and the ten debutantes went to a Red Cross meeting.—Milwaukee Journal, Nov. 4, 1918.

LITERARY SECTION TO MEET

Mrs. H. E. Bartlett, curator of the Literary Section of the Tuesday Afternoon Club announces that the section will meet at her home 347 North Brand Boulevard, next Tuesday at 2:30 o'clock for organization and the assignment of topics. All members of the club will be welcome.

HONOR ENSIGN

Miss Wiona Brown of Valley View Road recently gave a party in honor of Howard Merriken, who is stationed at Balboa Park, San Diego.

Those present were Russell Barnes, James Anderson, Lewis Reed, Raymond Faust and Misses Harriet Barnes, Helen Beach and Wiona Brown. Mr. Merriken is an ensign in Uncle Sam's great navy.

EUGENE IMLER TRANSFERRED

Eugene Imler, who has been in the United States radio transmission service, has had his desire for transfer to the engineering corps realized and is now at Camp Humphreys, Va., where he was transferred from Yale University. He was anxious to get into a branch of the service where initiative and hard work count, and is going after a commission with his customary enthusiasm. He is certain of seeing overseas duty in this corps.

Advertise it, or advertise for it in the Evening News.

1919 AUTOMOBILE LICENSES

The Motor Vehicle Department desires to invite the attention of all motor vehicle owners to the manner in which licenses for motor vehicles are to be renewed for the year 1919.

Notice will be mailed to each owner at his last given address, but as many owners change addresses without notifying the Department, the widest publicity is sought so that all may be apprised of the renewal requirements of the Department.

The upper half of the certificate of registration is to act as the application for the renewal of license for 1919.

Remove the certificate from the Container, detach the upper half, mail said upper half with fee direct to the Department at Sacramento, return the lower half with notice to Container and run on same until receipt of new Certificate.

The upper half of the Certificate of Registration fully describes the car, and with the owner's signature on its face, together with the proper fee (arrived at by multiplying the given horsepower on the face of the Certificate by 40 cents), the process of renewal becomes quite simple and effective.

This innovation will help to solve many of the vexatious problems that the Department and the owners have had to contend with each renewal period. An owner can now attend to his own renewal without enlisting the services of his auto club or dealer to assist him in making out an application. The old system of filing application for renewal was productive of so much erroneous information that its use had to be abandoned.

The Motor Vehicle Department, like other organizations, has to contend with the uncertainty of labor and supplies, and accordingly we earnestly request that all owners who do not intend to dispose of their cars before the first of the year file their renewals at the earliest possible time.

The Motor Vehicle Act provides that owners who file their renewals prior to January 1st can operate their cars on their previous year's seals for a period of six days; but to operate after the first of the year without having filed their renewal is a violation of the law.

As no renewal can be made without the upper half of the Certificate of Registration and proper fee, those who are operating cars without Certificate of Registration either have lost same or the car is not registered. In either case, the owner should get in touch with the Motor Vehicle Department immediately.

Cars should be checked with description on certificate, particularly the engine number. If an error exists, please indicate on the face of certificate.

Motor Vehicle Department.
By P. J. Tehaney, Acting Superintendent.

CLASSIFIED ADS

FOR SALE

PREMIUM Rhode Island Red cockerels for sale, \$5 each. Apply F. D. Lanterman, La Canada, Tel. Home 482. 64-t3.

DEATH OF S. A. ROBERSON

Death came this morning as a re-lease to S. A. Roberson of 327 Cer-ritos street, this city. He was 70 years of age, had been incurably ill since last March, and was a great sufferer. His widow is the daughter of Mr. and Mrs. Barton Ellison of Cerritos street. For thirty-five years deceased was in the employ of the Southern Pacific railroad as section foreman and was highly valued as an efficient man in that line of work. He was a member of the Knights of Pythias and of the Odd Fellows, and his funeral services, which will take place Monday afternoon at his late residence, will be conducted by officials of those orders. Interment will be made in Forest Lawn Memorial Park.

LEAVE FOR SOLDIER BOYS

H. E. Fry of 233 Cerritos avenue, who is in the Y. M. C. A. army service and stationed at Camp Kearny, came up Thursday to spend the week-end with Mrs. Fry and expects to return Monday. He reports that the quarantine has been lifted from the camp as far as the boys are concerned, but that the outside public is not yet admitted. About fifteen thousand soldiers are being granted leaves for the week-end and they are likely to enjoy their outings immensely after being shut in so long. He is of the opinion that it will be several months before demobilization can be effected.

O. E. S. PARTY

The long delayed dancing and card party announced by the Glen Elyrie Chapter of the Eastern Star will take place at Masonic Hall Saturday evening November 30th, unless something unforeseen takes place to prevent. All persons holding tickets to be sold are asked to take notice of this announcement and all persons who have purchased tickets are asked to reserve the date. We have had a vacation from social affairs for so long that this one should be especially welcome.

FUNERAL OF ROBERT N. PHAIR

Funeral services over the body of Robert N. Phair of this city, were held Friday afternoon at Inglewood Cemetery. Only relatives and friends from the Roberts and Echols Drug store were present. Rev. Coeyner of the English Lutheran Church of Los Angeles officiated. The floral tributes included some very beautiful pieces from business associates and from friends of the deceased and his family in Glendale and in the church of which he is a member. Mrs. Phair and children will make their home with her parents, Mr. and Mrs. E. L. Luker of 5439 Ninth ave., Los Angeles.

The Provident

Life and Trust Co. has the finest history of any business institution I have ever known. Its record of treatment of policy holders is absolutely unequalled, as, I believe, every one of them will testify.

When war was declared it was the last company to charge an extra war-premium for new insurance, and on Tuesday wired its agents that the extra premium would be discontinued at once. Not only that, but that every dollar of extra premiums it had received would be returned and that all death claims would be paid in full, even though the extra premium had not been collected. How's that for gratitude to the boys who have defended us? Ought not I be proud to represent such a company?

NURSES' AIDS NEEDED OVERSEA

The Glendale Red Cross Chapter has been advised by the Pacific Division that 1500 nurses' aids are wanted for service overseas, in the military hospitals. Applicants should be between the ages of 30 and 45, should be in good physical condition and exhibit a willingness to work under direction. A knowledge of French is desirable but not compulsory. As far as possible women already prepared to be nurses' aids will be selected and under-graduate nurses will be considered. It is also essential that applicants be indorsed by at least two responsible persons. Women who have their sons in service will not be accepted, but the applications of women who have husbands above draft age will be considered. Canadians and women of other allied countries are eligible. These nurses' aids will be paid \$30 per month and travelling expenses together with maintenance, laundry and uniforms.

A CARD OF THANKS

Our sincere gratitude goes out to our friends for the many evidences of love and sympathy manifested during our recent bereavement and especially for the tributes of beautiful flowers to the memory of our loved one.

Mrs. Robert Nelson Phair and family and Mr. and Mrs. Edward L. Luker and family.

BUYS FRENCH ELECTRIC DYE WORKS

Having purchased the French Electric Dry Cleaning and dyeing business located at 622 E. Broadway, opposite City Hall, I will be open for business Monday morning Nov. 18, and will endeavor to please my many friends and patrons.

* GLENDALE'S NEW CITY DIRECTORY.
* The work of canvassing for the information for the new directory for the city of Glendale and Casa Verdugo is well under way. The co-operation of the people of these districts is earnestly solicited, and all assistance and courtesy extended to the canvassers will be greatly appreciated by the publisher. It is hoped the books will be ready for delivery on January 1, 1919. The subscription price is \$3.00 per copy if the order is given before going to press. After going to press the price will be \$4.00 per copy. These prices will be strictly adhered to and only a limited number of extra copies will be printed. This directory should have a place in every business house, every office, every school and every home in Glendale and Casa Verdugo.

ACRE YIELD OF POTATOES INCREASES

The yield of potatoes per acre is gradually increasing in this country, as shown by the records of the Bureau of Crop Estimates of the United States Department of Agriculture. During 1886-1874 the average annual yield per acre was 91 bushels, but the average markedly declined to 71.3 bushels in 1885-1894. Perceptible recovery was made in the following 10 year period and a much larger recovery, rising to a new high-water mark, was reached in 1905-1914, with its average yield of 97 bushels per acre.

In 20 years the productivity of the average potato acre increased 36 per cent. This increase is due to various causes, among which are greater specialization of production, more intensive treatment, and higher fertility of the soil. The 10-year average yield of 97 bushels per acre in 1905-1914 was followed by 96.3 bushels in 1915, 80.5 bushels in the very low year 1916, and 100.8 bushels in 1917. Compared with population the yield per acre declined from 1886-1874 to 1905-1914. The gain of production per capita in recent years has been more because of increased acreage than because of increased production per acre.

A BOUQUET

"Oh, my! I met an American soldier—the nicest fellow—and next day he left Paris."
"Don't worry, my dear. Others exactly like him will be arriving every day."—L'Illustration.

THE SPLENDID SILENCE

"You are not the orator you used to be."
"I, sir," replied Senator Sorghum, "am mastering one of the orator's most difficult problems. I am learning when to keep still."—Washington Star.

PRESBYTERIAN CHURCH

Regular services during the entire day. The pastor will preach both morning and evening. Morning worship 11 o'clock. Sermon topic "The Inmeasurable God" based on a recent editorial in the Los Angeles Times "The hand of God." Evening service 7:30. Sermon topic "The Ivory Throne." Sabbath school meets at 9:30. The three C. E. meetings at the usual hours. Quarterly communion service Sunday morning Dec. 1st. New members will be received by letter and on confession of Faith.

FIRST LUTHERAN CHURCH

All the services will be resumed Sunday, beginning with Sabbath School at 9:30 A. M. Preaching service at 11 A. M. C. E. at 6:30 P. M. and evening sermon at 7:30 P. M. Rev. Dr. Jesse Ball of St. Marks Lutheran Church Los Angeles will fill the pulpit, morning and evening. This rare privilege of hearing Dr. Ball is owing to City Churches still being closed. It is hoped that every member of the various branches of the church will be present. This is your first opportunity to meet in the Courts to offer praise and thanksgiving, for the sign of victorious World Peace. Those who have not been accustomed to finding themselves in God's House for some time, will find this a good time to start anew.

NEW THOUGHT

The Glendale New Thought center will hold services at Masonic Temple at 11 a. m. Sunday, Nov. 17. Dr. Frank Riley in charge. All are welcome.

CENTRAL CHRISTIAN CHURCH

Corner Louise and Colorado St. Clifford A. Cole, minister. All services at the usual hours tomorrow. Preaching at 10:30 a. m. and 7:30 p. m.

FIRST CONGREGATIONAL CHURCH

Central avenue on Wilson (Third street). All services will be resumed Sunday, November 17. Sunday school 9:45 a. m., Hartley Shaw, superintendent. Preaching at 11 a. m. and 7:30 p. m. Morning subject, "Victory and Its Responsibilities." Evening subject, "Vengeance Is Mine; I Will Repay, Saith the Lord." Christian Endeavor at 6:30 p. m. Prayer meeting and business meeting of the church Wednesday at 7:45 p. m. W. J. MARSH, Acting Pastor.

TROPICO PRESBYTERIAN

Ban removed, all services resumed at usual hours. Subject of morning Sermon, "The Providence of God." Rev. Ira E. Leonard pastor of So. Park Presbyterian Church will preach in the evening. O. P. Rider, Pastor.

ST. MARKS EPISCOPAL CHURCH

The Rev. Geo. H. Cornell, D. D. in charge, Residence 802 North Michigan Ave., Pasadena, Calif. The re-opening of St. Marks Church for public worship on Sunday next, will be emphasized by a service of joy, patriotism and thanksgiving to Almighty God for deliverance from the epidemic that has swept over our Country and for the termination of hostilities in the war zone.

In grateful recognition of God's mercy, it is not only a duty but a privilege to all Christian people to show our gratitude by prayer, praise and thanksgiving to God for these blessings and for the promise of an early and lasting and righteous peace.

The services at St. Marks, will consist of the Te Deum, the Holy Communion and an address by Dr. Cornell on "The Price of Peace," and will take place at 11 o'clock. The full vested choir will be present and patriotic music rendered. It is hoped that all the members of the congregation can be present. A very cordial invitation is extended to all.

BREVITY IS DESIRED

Condense church notices so that only important facts will be given. Place and time of services, name of speaker and subject are essential points.

A PRAYER

The following prayer was found on the dead body of an English Colonel killed in a battle during the late war. It has been used by the Rev. George H. Cornell every Sunday at the morning service of St. Mark's Episcopal church. The prayer is of unusual beauty and of deep spiritual feeling.

Father of all, Helper of the free, we pray with anxious hearts for all who fight on sea and land and in the air, to guard our homes and liberty. Make clear the vision of our leaders and their counsels wise.

Into thy care, our ships and seamen we commend; guard them from chance sown mines and all of the dangers of this war at sea, and, as of old, give them the victory. To men on watch, give vigilance, to those below, calm sleep.

Make strong our soldier's hearts and brace their nerves against the bursting shrapnel and the unseen fire that lays the next man low. In pity, blind them from the sight of fallen comrades left upon the field.

May Christ Himself, in Paradise receive the souls of those who pass through death.

Let not our soldiers ever doubt that they shall overcome the forces of that king who "seeks to wade thru slaughter to a throne and shut the gate of mercy to mankind."

O God of Love and Pity, have compassion on the wounded; make bearable their pain or send unconsciousness. To surgeons and nurses give strength that knows no failing and skill that suffers not from desperate haste.

To tired men give time to rest. Pity the poor beasts of service who suffer for man's wrong.

For us at home, let not that open shame be ours that we forget to ease the sufferings of the near and dear of brave men in the fighting line.

O thou who makest human hearts the channel of Thy answers to our prayers, let loose a flood of sympathy and help for children and their mothers who wander desolate and suffering, leaving wrecked homes and fields and gardens trodden under ruthless feet.

With Thee, who sufferest more

TRICKERY OF HUN REVEALED

"World Deceived by Hun" is the caption given by the Cincinnati "Enquirer" to an article by Ralph M. Easley on German plans and accomplishments in which the much vaunted "Social Insurance" schemes, advertised widely in every country in the world to show that country's protection of the laboring man, are held to net the beneficiaries less than \$1 a week. Instead of having done more for the working classes than any other nation as its carefully prepared propaganda would have us believe, Mr. Easley proves that German workers labored for longer hours and for shorter pay than those of any other country; and that the farm loan schemes benefited chiefly the Junker landlords; that in Germany poverty abounded and the appalling rate of infant mortality and child suicide was equaled only in the Austro-Hungarian Empire and Russia.

But it is the Social Insurance figures that hold the deepest interest. Mr. Easley presents facts concerning Germany's so-called social insurance laws, and shows that, according to the Amtliche Nachrichten des Reichs-Versicherung-Amt of Berlin the average invalidity pension in 1913 was \$46.51 a year—less than \$1 a week. The average sickness pension was \$48.45 a year—also less than \$1 a week. The average old age pension was \$39.75 a year—about 76 cents a week. The average widow's and widower's pension was \$18.49 a year—about 35 cents a week. The average widow's sickness pension was \$18.59 a year. These were the pensions in a country where the poorest paid adult, living on the lowest possible scale, needed at least \$140 to \$155 a year for the cost of the barest subsistence.

The mutual farm loan associations, according to official German figures, benefited chiefly by the feudal baron or Junker landlords. Farm work in Germany has been largely done by women, who earned 38 to 48 cents a day, and by children who were paid 24 cents a day.

By a deliberate scientific propaganda, in which she was aided and abetted by certain paid or unpaid American writers, Germany actually succeeded in putting across the claim that she had done more for the laboring classes than any other country; that she led the world in industrial efficiency, scientific inventions, medical discoveries and in music, literature and art.

It took our own Dr. Frederick L. Hoffman to unearth the underlying reason in Germany's desire to have social insurance adopted by other nations, but once presented to the light of day it stood out so strongly that the wonder is the California enthusiasts, enmeshed as they might be, would have the temerity to proceed with their attempt to amend the constitution of the state so as to have the scheme adopted there. Dr. Hoffman told us that having loaded itself with an enormous financial burden, Germany's plan was to have other nations undertake similar or even greater responsibilities, so that the differential, which enters into the cost of manufacture, would handicap its competitors. To accomplish this Germany paid writers and agitators to carry on a peace propaganda which might be said in passing has come very close to being successful, and the end is not yet.

Despite the known authorship of all the agitation in the United States; despite the obvious reasons for Germany wanting the rest of the world saddled with at least equal expenses; despite her trickery and cajolery; despite the further fact that the real leaders of the organized labor in the United States have recently declared themselves opposed to compulsory insurance schemes, there are commissions here and there still "taking evidence" and campaigners here and there who will almost of a certainty cause social insurance measures to be introduced in the legislatures of several states. Social insurance is not for red-blooded, free, high-paid Americans. It was for the German serf and serf he was if not is. Up to the very beginning of the war the general workday for highly skilled trades in Germany was fifty-seven to sixty hours a week, and in other trades twelve to fourteen hours a day. The average yearly earning of unskilled workmen in Germany was \$210, and of skilled workmen \$373. Against these earnings the average annual family expenditure, according to the German Imperial Statistical Office, was \$531.70.—The Insurance Field.

"I thought you said you knew something about cooking," said the sergeant. "I did say so," admitted Erastus Pinkley. "Well how do you make hash?" "You don't make it; it jes' accumulates."—Washington Star.

than all, may we with reverence Thy burden share, for all are Thine and in Thine image made; they too are Thine; who caused the wrong.

O Father, may this war be mankind's last appeal to force.

Grant that from the stricken earth, sown with thy dead an everlasting flower of peace shall spring and all Thy world become a garden where the flower of Christ shall grow.

And this we beg for our dear Elder Brother's sake who gave himself for those he loved, Jesus Christ, Our Lord, Amen.

LA CRESCENTA

The war is over. Let us all celebrate and be glad, but there is still lots of work, lots of self-denial, lots of conservation and Hoovefizing to be done. The Red Cross classes meet as usual, Tuesdays and Thursdays from 10-5 and our quota of 250 pads is unfinished by 200 and only three class days to complete this in. La Crescenta has held up her head on every occasion and "gone over the top" with flying colors—Don't let this time find us lacking. Rally round your leaders, Mrs. Ayres and Mrs. Miller, and show Headquarters what Crescenta can do. Everyone that can come for an all day session. Those who can only work part of the day come and do your bit on last days. Make this a glorious celebration of the peace that has descended upon us. It may be that your boy or your neighbor's boy will be the one for whom these pads are being made. Make a great big strong effort and come out next days to the school house.

Miss Viola Anderson is fully recovered and back to her work again. The Board of Health through Dr. Powers will probably allow the school to resume on Monday, and the church and Sunday school on Sunday. This is contingent upon local conditions however and report of a personal investigation by an inspector from the Health Office.

In the mad whirl of joy over the end of war—don't forget your Thrift Stamp pledges. The government still needs our loan. There will be a great deal yet to be done. We will be called upon to clothe and feed most of Europe for a year—nearly two years and Uncle Sam will need your quarters to that end. So don't forget your W. S. S. and your pledges.

George Levenstein who was called to leave last Monday morning for Texas was turned back at the Railroad station. These last drafted boys were ordered to hold themselves in readiness but will probably not be called again.

Joe Hingston is back on duty again and Mrs. Hingston and little Marguerite are convalescing from the influenza.

Don't fail to get your Christmas packages to the boys abroad off before the 20th and all your other Christmas gifts by November 30th. Remember the Red Cross cartons are only for the Army. Navy boys are allowed a larger package.

TUJUNGA

Ed Foster left on Saturday for the aviation camp in Texas. His two sisters, who were on their way here from Pittsburgh, met him at the station only in time for a greeting and good-bye. They expect to remain in Tujunga during the coming winter.

Mr. Sears and brothers, from Bairdstown, have moved into the Ewing house on Los Angeles street for the winter.

Mrs. Alec Wilson and daughter were callers in Tujunga on Wednesday.

Mrs. Leckie, who has so kindly nursed and cared for the family of Mr. Bailey through their attack of influenza, now has four members of her family all down with it, and is trying to divide her time between the two places.

Dr. Peters was agreeably surprised by her friends on her birthday Monday. She was invited by Miss Hatch to tea and then a few friends walked in and served a fine tea with a birthday cake.

Miss Michel took Miss Osgood and Mrs. Linnaberry over to the West India gardens last Sunday, looking after the purchase of the Fuerte Avocado. The many varieties of fruiting Avacados, as well as the fruit of the jubube tree, were greatly admired. They left a nice order for trees to be delivered next March. These gardens are located near Altadena and contain a wonderful collection of tropical fruits.

Mrs. Ash and Miss Mary Lewis were over to Sylmar, the large olive factory five miles from San Fernando, on Tuesday, and enjoyed seeing this large factory in operation. Quarters for women workers are the epitome of neatness and cleanliness. This factory is in operation the year around, and sends a bus daily to San Fernando to bring out help from there at the nominal charge of ten cents a day.

Mrs. Fairfield brought the Christmas boxes from Pasadena the first of the week. Miss Gilbert has them for

distribution to those who present their cards of identification. All must be sent by November 20.

Charles W. Dean, who has been recuperating here from the "flu," returned to Brawley on Friday.

Mr. Munson, formerly at the Little restaurant, has gone to Brawley to work. Mr. McCue is also there and busy.

Mr. Barney and family, who have been here for the past three months, returned to Los Angeles on Monday.

E. B. Smith of the Schuyler Hotel at Long Beach has purchased the property formerly owned by Miss Chalfont on Sunset Boulevard. He has been spending a few days here the past week, putting the place in order and making some necessary repairs.

Dr. Darling of Ocean Park has sold the place owned by him on the opposite side of San Ysidro road from his own residence here, to two nurses from Los Angeles.

If you want to hear something amusing, just listen to the remarks of two victims of the "flu." The one thing that they agree on fully is that it takes so long to get back their "pep;" that their heads still ache, and their legs belong to somebody else, as they refuse most of the time to do their bidding. The old soldier is not in it with the "flu" victim.

Mrs. Pearl Livingston, Piano instructor, Hill street between Palm and Walnut.—t1.

LA CANADA

Miss Lillian Selleck and her father are sick in bed with the influenza.

Mr. and Mrs. Waterman have been at Manhattan Beach for a week visiting friends.

Miss Lura Crouch of La Crescenta, chief telephone operator upon whom we have learned to depend has been very ill of influenza. So many of the operators have been sick it has made it hard for those who took their places and the public but everybody should be patient.

Mr. and Mrs. Metcalf, the La Canada postmaster, and his wife were both taken down with "flu" last Friday and are at Thornycroft under the care of Dr. Boyer who reports that both, who have been seriously ill, are better. Mr. Metcalf is believed, caught cold serving on the election board. Mrs. Metcalf's sister, Mrs. Shoemith, has come down from San Mateo to care for the Metcalf children and Mr. De Tour, who is a very handy man to have around in time of emergency, is looking after the post office.

Considerable influenza has developed in the past week. Mrs. Hamilton and her two sons are now down with it.

One of our navy boys, Russell Stickney, is said to be now on his way home. He has been gone for two years in the torpedo boat service. The message, which was dated from Detroit, reached his mother Wednesday.

Directors of the Valley Water Company met Thursday evening for the transcription of routine business. Nothing new in the way of business was taken up.

Water development in the tunnels which are being drilled by the La Canada Water Company is proceeding very satisfactorily. About five times as much water as the Company had when it started has been secured and the work is still going on under the direction of A. Aikens.

La Canada auto owners who motor for pleasure are personally interested in the fact that the new highway which is being built from Lemon Cove to the Three Rivers in Tulare County is now closed to the public because of the finishing work that is being done. When completed it will give a fine macadam road all the way from Los Angeles to within eighteen miles of Sierra and Grant Parks in Tulare County.

PREVENTING FOREST FIRES

Never build your camp fire against a rotten log.

Clear away all burnable material before building a camp fire.

A small camp fire is better than a large one and easier to control.

A neglected camp fire is as dangerous as one maliciously set.

A ton of sugar cane has produced from 119 to 151 pounds of refined sugar in Louisiana in recent years; the sugar product of a ton of beets has been 210 to 285 pounds.

REHABILITATION OF OUR WOUNDED

The United States Government is resolved to do its best to restore every wounded American soldier and sailor to health, strength, and self-supporting activity.

Until his discharge from the hospital all the medical and surgical treatment necessary to restore him to health is under the jurisdiction of the military or naval authorities, according to the branch of the service he is in. The vocational training, the reeducation and rehabilitation necessary to restore him to self-supporting activity, is under the jurisdiction of the Federal Board for Vocational Education.

If he needs an artificial limb or mechanical appliance the Government will supply it free, will keep it in repair, and renew it when necessary. If after his discharge he again needs medical treatment on account of his disability, the Government will supply it free. While he is in the hospital and while in training afterwards the soldier or sailor will receive compensation as if in service and his family or dependants will receive their allotment.

A wounded sailor or soldier, although his disability does not prevent him from returning to employment without training, can take a course of vocational training free of cost and the compensation provided by the war risk insurance act will be paid to him and the training will be free, but no allotment will be paid to his family.

Every Liberty Bond holder who holds his bond is keeping up a part of this great work of restoring health, strength, and usefulness the men who have suffered for their country.
